TransElite® Universal Life Insurance | Underwritten by Transamerica Life Insurance Company

TransElite® is universal life insurance that helps provide financial protection at a competitive cost.

Help protect the people who depend on you.

Andrea chose universal life insurance because she didn't want to worry what would happen to her five-year-old, Samuel, in the event of her death. It helped her feel better about his well-being to know her life insurance death benefit would help him if the worst happened.

Universal life insurance can help safeguard your family members' futures, with benefits that can assist with your final expenses and their dependent care, living expenses or college tuition.

Give yourself peace of mind.

Only 44 percent of American households have individual life insurance —that's the lowest number in half-a-century. The good news is that half of all households realize they need more.¹

Get the benefits that fit your needs.

Andrea is doing her best to save for retirement. Her universal life insurance policy builds cash value² so she can borrow against it in the future and protect her savings if an unexpected expense arises. In her later years, her built-up cash value will continue to pay her cost of insurance, maintaining her policy even after she retires.

Life insurance should fit you, and we don't limit you with a one-size-fits-all approach. Whether you're more interested in ensuring your ability to keep a death benefit from now until you're 100, just want to add to your term life policy or want to build cash value for your heirs, our universal life insurance policy works for just the right segment of the population: you.

15 years after Andrea signs up for universal life insurance, her son Samuel's car (older than her policy) breaks down in his junior year of college. She borrows against her policy's cash value to get him a reliable car, and they pay it back together by the time he graduates.

Life is unpredictable. Universal life offers help that goes beyond traditional life insurance to meet challenging situations. If you need to borrow against the cash value, you can pay it back when times get better.

If you're diagnosed with a terminal illness, you can use a portion of the policy's death benefit to make a difficult time easier. If you're laid off, monthly deductions are waived for up to six months so you maintain your policy.

Take our portable, flexible policy with you.

When Andrea is offered a job with more travel and better salary at another company, she switches from payroll deduction to self-pay to keep her Transamerica policy. When Samuel gets a great job after college, she adjusts her premiums because she only needs to cover her own final expenses now that he can take care of himself. She lets him transfer the child term rider that had provided his life insurance while in college to his own universal life policy in his own name.

We let you keep your insurance when changing jobs and adjust premiums, death benefit and cash value amounts to meet changing personal financial situations like getting married, having a child, buying a house, seeing your child through graduation or retiring.

Eligibility

You can insure your eligible spouse, children (as Andrea did) and grandchildren with their own policies or purchase protection for your children through a child level term life insurance rider.
