SECURIAN

Reporting: A Holistic View of Plan Experience

- Broken out by product and line of coverage, including high/low plans where applicable
- Ability to break out by class or location if desired to draw plan and experience insights by population
- Reflect claims statistics
 - Average paid claim amount
 - Number of paid claims
 - Average age at claim
- Premium claims & change in reserves
- Cause code reporting, covered conditions & accident/hospital event reporting available
- Health & Wellness claims detail available for Supplemental Health products, providing insights on utilization and engagement opportunity
- Month-to-month compare of premium and claims activity

Experience reports are provided to employers as a standard on a consistent frequency that best fits their needs.
